Value: Introduce The Small Business Cheerleader and Pep Squad into your network through speaking, consulting and training. Create a cadre of willing ambassadors to cheer on your business growth and infuse a commitment to scale into your corporate culture.

Results: Less interpersonal conflict; More accessibility to a network of solutions; Faster service, training and delivery

Experience: Based on 21 years of expertise in uniformed Federal Law Enforcement and Civil Rights Advocacy, we build trust and consumer confidence to effectively incorporate a network of cheerleaders (called the Pep Squad) who energize human-to-human relations and create referral ecosystems for our customers, thus building winning teams that are excited about generating sales and closing deals.

NAICS Codes: 541611 611430 711510
